Opposite Medical & Dental Council of Nigeria, Kaura District, Abuja.

FIRST CIRCULAR & CALL FOR ABSTRACTS

58th
NMGS
ILORIN
2023

ANNUAL INTERNATIONAL
CONFERENCE & EXHIBITIONS (AICE)
Monarchs Luxury Palace Hotel. 26th - 31st March, 2023

Theme
DEVELOPMENT OF NIGERIAN EARTH RESOURCES: CURRENTREALITIES

ABSTRACTS SUBMISSION DEADLINE
30th November, 2022
I must first thank the entire membership of the Nigerian Mining and Geosciences Society who have stood with our administration in the last one year. You have supported us in all the breath-taking decisions we have made to position the Society to serve you better.

We had earlier promised that, “Together, we can create a meaningful future” In continuation of that promise and on behalf of Council and the entire membership of the Nigerian Mining and Geosciences Society (NMGS), it is my pleasure to join the Local Organizing Committee (LOC) of the 58th Annual International Conference and Exhibition (AICE) tagged “ILORIN 2023” to welcome you all to the “First Circular and Call for Abstracts” of the conference which holds from 26th to 31st March, 2023 in Ilorin, Kwara State.

Ilorin last hosted the AICE in 2016 which is exactly seven years ago. The theme for the 2023 conference is “Development of Nigerian Earth Resources: Current Realities” which is no doubt very apt considering the Nations drive towards economic growth, sustainability and industrialisation. The Ilorin Chapter shall host the conference. Ilorin is the capital of Kwara State referred to as State of Harmony. It hosts several Tertiary Institutions that offer Mining and Geosciences Disciplines or Programmes. The State is endowed with mineral deposits, mining activities, River Basin and hosts parts of the Bida Basin.

I am convinced the conference will provide opportunities for the experts to interact and proffer necessary knowledge and data for the Government and the private investors and therefore a place to be for all enthusiasts.

The sub-themes of the 58th Annual International Conference and Exhibition are:
1. Governance landscape in the extractive industry
2. Development, monitoring and legislative imperatives of the water sector
3. Unraveling the hydrocarbon resource potential of the Nigeria’s frontier basins.
4. Multipronged approach to the value chain development of Nigeria’s mineral resources.
5. Evolving best practices in geotechnical, environmental and hazard management.

On behalf of the conference Local Organising Committee, I invite intending participants to submit well-researched abstracts and full-length papers for presentation in the technical sessions. The conference has been well packaged with several interesting activities to stimulate academic and professional discussions as well as exchange of knowledge and experiences regarding environmental issues and challenges in the development of Nigeria’s mineral resources. The students, our professionals of tomorrow, are encouraged to participate actively in this conference to be adequately equipped to face current and future professional challenges. The conference also provides a unique platform for companies and institutions to exhibit their services and products to a wide spectrum of potential customers. Exhibitors are therefore specially invited to display their products in the peaceful town of Ilorin.

The conference is fully loaded with many educative and social activities (training sessions, field trips, technical presentations, panel discussions on topical issues, award night etc.) that will stimulate long lasting research collaborations, business opportunities and other engagements.

I therefore look forward to seeing you all at Ilorin 2023 AICE.
INTRODUCTION
The Local Organising Committee (LOC) of the 58th Annual International Conference and Exhibition of the Nigerian Mining and Geosciences Society (NMGS) on behalf of the Ilorin Chapter of the Society and the NMGS Council has the honour and privilege of announcing and inviting you to participate in:
a. The 58th Annual International Conference of the Nigerian Mining and Geosciences Society (NMGS) holding from 26th to 31st March 2023; and
b. The Annual General Meeting (AGM) session on 26th March 2023 holding at Monarchs Luxury Palace Hotel, Km 8, Sapati-Ile Junction Road, Ajase-Ipo Road, Ilorin, Kwara State.

CONTACTS:
Surv. Alabo Charlesye David Charles (FNMG, FNIS, JP)
The President NMGS
Tel: +234 8036006008
Email: charlseye_c@yahoo.com

Prof. Olusola Johnson Ojo (FNMG, FNAPE)
The LOC Chairman
Tel: +2348035036503
Email: solafoluk@yahoo.com

Dr. Suraju Adesina Adepoju
LOC Secretary
Tel: +2348062339819
Email: nmgsilorinchapter@gmail.com

CONFERENCE THEME
Development of Nigerian Earth Resources: Current Realities

SUB-THEMES
1. Governance landscape in the extractive industry.
2. Development, monitoring and legislative imperatives of the water sector.
3. Unravelling the Hydrocarbon resource potential of Nigeria’s frontier basins.
4. Multipronged approach to the value chain development of Nigeria’s mineral resources.
5. Evolving best practices in geotechnical, environmental and hazard management.

VISION STATEMENT
To organize and conduct an excellent NMGS Annual International Conference and Exhibition with a view to sensitize and create the much-needed awareness among members, States, Country and the International Community on the need to fully harness and develop the abundant mineral and energy resources not only in Nigeria but also elsewhere in the world in a sustainable manner for national development.

MISSION STATEMENT
The Local Organising Committee of the 58th Annual International Conference of the Nigerian Mining and Geosciences Society (NMGS) “ILORIN 2023” shall affirm the rights of Geoscientists and Mining Engineers in Nigeria and pledge to abide by International Geoscientific and Mining best practices and standards without discrimination based on citizenship, religious persuasion, creed, political affiliation, ethnic origin, race, colour, language, age or sex.

ABOUT NMGS
In 1977, The Nigerian Mining and Geosciences Society (NMGS) succeeded the Nigerian Mining,
Geological and Metallurgical Society (NMGMS) which was founded on 15th January 1961 and officially inaugurated on 17th December 1962. The Society is an international, non-governmental and non-profit making professional organization. Its Objectives include:

- Advancement and practice of Mining, Earth Sciences and Metallurgy.
- Acquisition, preservation and dissemination of mining, geoscientific and metallurgical knowledge.
- Publication of an interdisciplinary learned Journal of Mining and Geology (JMG), the CRUST, periodicals and specialized books including annual book of abstracts and programmes of the society's Conferences and activities; and
- Upholding the ethics and safeguarding the interests of the professions covered by the society.

The Society also has statutory representation in the Council of the Nigerian Mining Engineers and Geoscientists (COME) established by the Federal Republic of Nigeria Decree No. 40 of 1990. The categories of membership are Fellow, Corporate, Graduate, Students, Affiliate, Institutional and Honorary Fellow. The current membership strength of over 5,000 includes Nigerian and foreign professionals and practitioners working or who have worked within the country. To adequately cater for the interests of the various disciplines represented in the Society and its widely dispersed membership, the Society recognizes Local Chapters and Specialist Groups whose activities are directed at strengthening the NMGS in achieving its objectives.

NMGS AND ITS SPECIALIST GROUPS

The objectives and goals of the NMGS embrace specific action areas in the earth sciences that bring several specialist groups together to study and unravel earth resources of the nation. These specialist groups have the following objectives:

i. The understanding of fundamental factors that control the processes of formation of geo-resources (solid minerals, energy minerals, water e.t.c.).
ii. The impact of their development on the environment.
iii. Natural hazards, their prediction and development of measures to mitigate their effects.
iv. Design and involvement in all aspects of development and extraction of geo-resources, geotechnical applications and construction works.
v. Training and research in higher institutions, short seminars and field excursions.
vi. Dissemination of acquired knowledge in publications of the Society and its various associations.
vii. Monitoring of activities and personnel involved in geo-resources and council such as COMEG.

A BRIEF READ ABOUT ILORIN

Ilorin, the Kwara State capital, is in the north-central geopolitical zone of Nigeria. It enjoys a good road network and has become the gateway to the northern and southern part of the country. Popularly known for its accolade "Home of Peace" is the capital city of Kwara State, referred to as "State of Harmony". The city which is also referred to as “Ilorin Gerin-Alimi” while others would prefer “Ilorin-Afonja” enjoys an uncommon geographical location, topography and a friendly human asset which enables a confluence of cultures because of the diverse array of tribes that have found a home in the town. The Ilorin culture is rooted in the history of ethnic amalgamation and pluralities. It became a multi-ethnic town with Yoruba, Hausa, Fulani, Nupe, Baruba and Gobir settlers.

Ilorin is favored by documented episodes dating the town to as early as 14th Century. The people of Baruba in the Idape area were notably the earliest settlers before a hunter named Ojo (otherwise known as
Ayinla) from Oyo-Ile settled in the town in the 17th Century. Ayinla later build a hut beside the Baruba family (Ile Bamidele) and close to a well-positioned rock that was suitable for sharpening tools (Okutialo-irin). Ilorin, however, is believed to be a contraction of Ilo-irin (for sharpening iron). Several settlers including Islamic scholars, warriors and hunters continued to settle in the town. A popular “Oke-suna” in the heart of the then Mini-Campus of the University of Ilorin was inhabited by some of the scholars during their special prayer sessions. Between 17th and 18th Century, Afonja, a warlord from Oyo Empire and an Islamic scholar, Muhammed Solihu, popularly called Sheikh Alimi (a descendant of Sheikh Usman Dan Fodio in Sokoto) built Ilorin community with others. The spiritual supremacy exercised by Sheikh Alimi earned him respect and honour among other scholars. That would later lead to the establishment of an Emirate Council headed by one of his sons, Sheikh Abdulrasam Ibn Alimi in 1816. Between 1816 and now, Ilorin has produced eleven (11) Emirs, the incumbent being Dr. Ibrahim Sulu-Gambari (CFR), a lawyer and former Justice.

Ilorin Emirate has world-class Tertiary Institutions including: University of Ilorin, Kwara State University, Al-Hikmah University, National Open University, Crown-Hill University, Kwara State Polytechnic, Kwara State College of Education, Mahiydeen College of Education, Imam Hamzat College of Education and the School of Nursing. The city also presents a range of tourist attractions such as: the Sobi Hill – said to have offered protection to natives during inter-tribal wars in the ancient times; Dada Pottery – an assemblage of women engaged in the business of pottery making and the Aso-oke garment business that continues to stand the town out in high status fabrics business.

OVERVIEW OF GEOLOGY AND MINERAL RESOURCES OF KWARA STATE

Kwara state lies within Basement complex rocks and part of Bida Basin. The Basement complex rocks are composed of gneisses, schists, diorites, granites, granodiorites, marble and calc-silicate rocks and pegmatites of Precambrian to Cambrian age. The Campano-Maastrichtian sedimentary sequence of the Bida Basin is made of conglomerate, sandstone, siltstone and claystone.

Mineral Resources

The most important group of minerals in Kwara State are the precious metals and semi-precious metals and these include gold, tin, wolframite, columbite and tantalite, gemstones such as beryl, tourmaline, garnets and a host of industrial minerals and building aggregates such as granites, marble, gravels, sand, clay and talc. These resources are associated mostly with rocks of the Pre Cambrian-Cambrian Basement Complex especially the schists and the phyllites which formed an almost N-S trending metallogenetic belts that are essentially confined to the western part of Nigeria.

Gold

Gold mineralization potential in Kwara is quite significant with evidence of gold prospect or mining albeit on artisanal scale in some of the locations. The mechanized mining taking place around Bode-Saada and the extensive artisanal mining of gold along the borders around Kaiama areas attest to the enormous opportunities available.

Pegmatite minerals (Tin, Tantalite, Columbite and Gemstone)

Records has it that exploitation of tantalite and microlite has been going on in Lema area since the colonial era. In more recent time, beryl, tourmaline, tin and tantalite bearing pegmatite types have been reported around Bishewa, Ologom, Gbughu, Oro and many parts of the state.

The Industrial minerals

The prominent types of industrial minerals hosted in Kwara State are ceramic clay (Edu, Ilorin West & East LGAs), marble (Owa-Kajola, Bahanloma and Eleja), Kaolin (Share, Tshongola and Kazita) and granites both for construction aggregates and dimension stone.
INVITATION TO SUBMIT ABSTRACTS
Authors are invited to submit abstracts and scientific papers to be presented at the "NMGS ILORIN 2023" Conference by e-mail as an attached document to nmgsabstractilorin2023@gmail.com. Abstracts must be submitted for all class of presentations (Oral or Poster). While submitting an abstract(s), Authors shall adhere to the following guidelines:

i. The abstract must be relevant to the Theme and Sub-Theme(s) in which it is being submitted.

ii. It must be on A-4 size page, text only (Top, Bottom, Left and Right margins 25 mm), block format all through,

iii. Title should be bold, in Upper and Lower case, left justified, Times New Roman font type, 14 points size,

iv. Author's name(s), contact(s), postal and e-mail addresses should be included,

v. Main text should be single spaced, Times New Roman type, 12 point size, focus on the essence of study/work done, key results/findings and conclusions,

vi. Body of each abstract should be free of spelling, grammatical, or scientific mistakes (as the abstract will be reproduced exactly as submitted),

vii. The content of the abstract should be within 350-400 words limits, in addition to 4-5 keywords and must not been submitted/published elsewhere.

viii. Tables, figures, illustrations, references and other graphics are not accepted as parts of the abstract(s)

Authors shall be communicated later on the technical presentation schedule and details regarding the MS Power Point and the Template for Poster presentation. Note that authors of accepted abstract(s) will be required to submit the full manuscript to: nmgsabstractilorin2023@gmail.com not later than December 31st, 2022 and be pre-registered to have their Abstracts listed for presentation and consideration of the NMGS/Total Energies Award.

Enquiries should be forwarded to:
The Chairman, Technical Sub-Committee,
Prof. Olabisi A. Adekeye,
Department of Geology and Mineral Sciences,
University of Ilorin,
(oadekeye@gmail.com; 08035243948)
## Hotel and Accommodation

REGISTRATION FEES FOR THE CONFERENCE

Payment of registration fees can be made through certified bank cheques/bank draft or Direct Bank Transfers payable to the NMGS or by cash/cheques from Corporate Bodies, NMGS Chapters and Institutions covering block registration fees for members from such bodies. The Banks will be at the venues for onsite Cash transactions into the NMGS Account. All payment Tellers and Lodgment Receipts should be brought along to the Conference Venue. Block registration from Corporate bodies should be made by sending a list of names, their NMGS Registration numbers and corresponding registration fees to the LOC Secretary of the “NMGS ILORIN 2023”.

Registration fees (listed below) for different categories of participants cover the conference Book of Abstracts, bag and stationery. Participants will be accredited, and badges issued to them after the full payment of the registration fees. Such badges should be always worn to have access to the conference venue.

Account Details:
Banker: FIRST BANK OF NIGERIA PLC
Account Name: Nigerian Mining and Geosciences Society (NMGS)
Account number: 2005480777
EXHIBITION
The exhibition offers a unique opportunity to showcase company's profile, products, services, equipment of Geosciences, Mining, and other related companies and skills to a variety of audience from the different parts of the country. Interested companies or institutions should make payment for the appropriate space shown below on or before 31st December, 2022. All payment must be in Bank Draft or Certified Cheque drawn in favor of Nigerian Mining and Geosciences Society (NMGS) or deposit/transfer made to the NMGS First Bank Account No. 20054800777. Interested exhibitors should contact the chairperson, Mrs. Shakirat M. Aminu on 08155040585 for further information on or before December 31st, 2022.

IMPORTANTE DATES AND DEADLINES
*Early Bird Registration Ends: December 31st, 2022.
*Submission of Full papers for NMGS/TotalEnergies Award Consideration: December 31st, 2022.
*Late Registration Begins: March 26th, 2023.
*Conference Ends:

SPONSORSHIP OPPORTUNITIES
Individuals and Corporate Organizations have a unique opportunity of advertising their businesses, services and products to the very large audience that the NMGS AICE “Ilorin 2023” will offer. The sponsorship opportunities available include Opening Ceremony, Dinner/Awards Night, Technical Sessions, Student Sessions, Book of Abstracts, Conference Materials, Conference Workshops, etc.
STUDENTS’ PROGRAMMES
Students are encouraged to submit abstracts for technical and poster presentations at the student session as prizes will be awarded for deserving presentations. Paper presentation by students will afford them an opportunity to interact with senior colleagues from Government agencies, academia and industry. Other programmes planned for the students’ session include quiz competition, geoscience business solutions etc.

Institutions are expected to pre-register their students with the chapters to a maximum of 10 students per institution, as the registration at Conference venue will attract surcharge. Representative of each institution should contact Mr. O. Alu on 08035115021 for further information on or before December 31st, 2022.
